

Name: _____ #: _____

Games, Nature, & Experiments Beast Master Game

Estimated Time: 10 – 15 minutes

Age range: All grades

What you need: at least four participants

Background Information:

Beast Master is a fun game that can be played with four or more participants! You can either try this game at home, or in a large group over a zoom meeting!

Follow the instructions on the next page to see if you've got what it takes to become the next "Beast Master"!

Beast Master Game

1. Choose one person in your group to be the Beast Master and have everyone else line up facing that individual.
2. The goal of this game is to become the Beast Master by beating the current master.
3. There are four animal shapes that you need to know.
 - Eagle: stand with your arms held out to your sides like wings
 - Snake: position one arm in front of your body like a snake head
 - Rabbit: make ears with your finger above your head
 - Bear: make bear claws with your hands

4. The Beast Master will turn around and give everyone a chance to secretly choose one of the four animal choices to show/become.
5. The Beast Master will then count down from three and turn around, showing one of the four animal shapes.
6. When the Beast Master turns around, all the other players must freeze in the animal shape that they have chosen.

7. If anyone chose the same animal as the Beast Master, they are out. (e.g. you decided to show a Rabbit, and the Beast Master did too). If you are out, take a seat.
8. The game continues until there is only one person left to face off against the Beast Master.
9. The final person will stand back-to-back with the Beast Master. For this final showdown, the last person standing must beat the current Beast Master three times in a row to become the new champion. This means that they must choose an animal that is different from the Beast Master's animal three times in a row! If, at any time during this showdown, they choose the same animal as the Beast Master, they are defeated.
10. Play as many rounds as you'd like!

Feel free to create four of your own animal shapes to play with.
